Re: Ageless Grace

The Arkansas Department of Human Services – Division of Aging, Adult, and Behavioral Health Services has reviewed the informational documents regarding the Ageless Grace evidence-based health promotion program.

We have determined that the program meets the criteria provided by the United States Department of Health and Human Services – Administration on Community Living (ACL) for an evidence-based health promotion program. The determination qualifies Ageless Grace to be funded through the Older American Act Title IIID at the highest level.

Thank You
